Sliding fee patients who are given an order by a MHC provider for a lab/x-ray test prior to or immediately following an office visit will not be charged for that test since it is considered incidental to the office visit. However, any sliding fee patient coming in for other lab tests, x-rays or injections will be charged.

Medicare/PVT Insurance: After MC/Insurance responds, apply fee schedule to those who qualify.

Patients without Insurance: Patients with no insurance may speak to an enrollment specialist or be referred to appropriate agencies to obtain assistance.
